

BURLINGTON FIRE PROTECTION DISTRICT

CPR Training

Cardiopulmonary Resuscitation (CPR) is the most effective method to save the life of a person whose heart has stopped beating. This training can equip you with the tools necessary to assist someone you care about in their most urgent hour of need.

All Classes will start at 9am. Dates for 2010 are as follows;

- January 23
- February 27
- March 27
- April 24
- May 22
- June 26
- July 24
- August 28
- September 25
- October 23
- November 20

Cost is \$30 if paid prior to class date or \$35 per person at the door. Groups of 10 or more receive additional discounts.

**To sign up for a class
call 859-586-6161 or
www.burlingtonkyfire.org**

All Classes taught are at the Burlington Fire Station located on Firehouse Drive and will use the American Safety and Health Institute Curriculum (ASHI). Cards are issued for successful completion.

Classes can be tailored to your individual agency or group if needed and can be taught at your site for a small up charge.

Health Care Professional Classes and renewals are available upon request
