- C. Clean driving record for the previous two years.
- D. Kentucky Certified Volunteer Firefighter.
- E. Kentucky Certified Emergency Medical Technician.
- F. Valid CPR Certification.
- G. SAED certified (or must be certified within six months of employment).
- H. Operations Level Certified in Hazardous Materials (or must be certified within 6 months).

Minimum Requirements:

- A. Must live within a 25-mile straight-line radius of the Burlington Fire Protection District headquarters station.
- B. Must be a citizen of the United States of America.
- C. Must be able to pass a complete health screen process including drug and alcohol testing which is provided by the official medical physician of the district before appointment.
- D. Minimum age requirement is 18 years of age.
- E. Must be able to speak, read, and write the English language.

Training Requirements:

- A. Must obtain Kentucky Career Firefighter Certification within one year of employment. Training is available within the district both on and off duty. Hours may also be achieved at other fire departments or fire schools.
- B. Must maintain the State requirement of 100 hours for Career Firefighter Certification and State Incentive Pay.
- C. Must maintain Kentucky State EMT-B Certification, in accordance with Kentucky State EMS Regulations.
- D. Must maintain Boone County SAED certification as required by the district.

Selection Guidelines:

May include any or all of the following: Formal application; written test; practical skills examination; physical ability test; oral examination; background/driver's license verification and check; hiring list; offer of employment; post-offer physical examination, including drug screen.

Tools and Equipment Used:

Emergency medical apparatus, fire apparatus; fire pumps, hoses, and other standard firefighting equipment; ladders, emergency medical equipment; radio; pager; personal computer; telephone.

Physical Demands:

The physical demands described here are representative of those that must be met by any member to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job, the member is frequently required to stand; sit; walk; talk or hear; use hands to finger, handle, or operate objects, tools, controls; and reach with hands and arms. The member is frequently required to climb or balance; stoop, kneel, crouch, or crawl; and taste or smell. The member must frequently lift and/or move up to 50 pounds and occasionally lift and/or move up to 175 pounds. Specific vision abilities required by this job include close, distance, color, and peripheral vision, depth perception, and the ability to adjust focus.

Work Environment:

The work environment characteristics described here are representative of those a member encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Work is performed primarily in office, vehicle, and outdoor settings; in all weather conditions, including temperature extremes; during day and night shifts. Work is often performed in emergency and stressful situations. Individual is exposed to sirens and hazards associated with fighting fires and rendering emergency medical assistance, including infectious substances, smoke noxious odors, fumes, chemicals, liquid chemicals, solvents, and oils. The member occasionally works near moving mechanical parts and in high, precarious places and is occasionally exposed to wet and/or humid conditions, fumes or airborne particles, toxic or caustic chemicals, radiation, risk of electrical shock, and vibration. The noise level in the work environment is usually moderate, except during certain firefighting or EMS activities when noise levels may be loud.
